

## AC-1051/AC-1052 USB Enrolment Proximity Readers

### PRODUCT INFORMATION

The **AC-1051/AC-1052** are desk top proximity readers which connect to the PC via a USB cable .

The readers can output the card data in different wiegand formats and can be customized on-site.

The **AC-1051** reads standard Controlsoft cards and tags (e.g. AC-7100/AC-7101).

The **AC-1052** reads Mifare cards and tags.

#### Technical Specification

##### Mechanical

*Housing:* Moulded Polycarbonate with fully encapsulated electronics

*Size:* 95mm x 65mm x 20mm

*Weight:* 115g nominal

*Mounting:* 2 adhesive tabs (supplied)

##### Environmental

*Operating Temp:* -20°C to +60°C

*Humidity:* 100% RHNC

##### Electrical

*Voltage:* powered from USB port

*Current:* 50mA Max

*Card Data Output:* Wiegand format

*Indication:* Two LED's

##### Approvals

CE, FCC
